people to provide the best
in animal care and safety

New York Sponsored CVI Program

From **February 1, 2024**, through **March 31, 2025**, the New York Department of Agriculture will cover the fees associated with Production Animal Certificates of Veterinary Inspection (CVIs) with a New York origin issued through GlobalVetLink.

The species covered by this program are Bovine, Caprine, Ovine, and Swine.

How To Sign Up

For veterinary clinics who want to take advantage of the sponsored Production Animal CVIs, visit the **GlobalVetLink website** or scan the **QR code** to sign up for an account

MyVetLink

Animal health information is always within reach with MyVetLink

MyVetLink allows you to share completed certificates with the animal owner as soon as the certificate is signed.

Add the owner's email address when creating a contact, and they will be granted MyVetLink access. They will receive information on creating their account via email.

We're Here To Help

We know your time is valuable!
